

VOID FORMER

PRODUCT CODE
FORMER.5
FORMER.6

SPECIFICATION

Weight	0.400kg
Length	105mm
Height	100mm
Width	260mm

FEATURES

- Specially formulated HDPE plastic which offers stronger UV performance and high impact resistance
- Specially designed tapered strand void which collects strand into one bundle allowing for better strand control and OHS
- Large clearance to allow for easy access with slide hammer for removal
- Reinforcing ribbing which strengthens walls and prevents sinking
